**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I would hope that measures are taken to keep competitors in business so that the consumer has options when it comes to internet. We are now in a time where internet is an important thing to have to stay connected. I was under the impression that our country and economy was trying to avoid having monopolies and by taking away options that is exactly what you are doing. Not to mention that when you take away the competition you also take away the progression in technologies.

Please allow competitors to keep pushing the envelope and also provide options to consumers.

Thanks,

Joel Segovia
